## Johnsons Stalbridge - Hinckley

Client: **Johnsons Stalbridge**  
Location: **Hinckley, Leicestershire**  
Commencement: **August 2006**  
Length of contract: **16-20 weeks**  
Project type: **Laundry**

### Overview

This installation involved a huge variety of skills from our personnel. We worked closely with Stalbridge & Jensen UK as a trusted partner from the initial design build phase. The ultimate installation involved a bespoke steelwork system for the pipework within the laundry, through to a full sizing & services plan / installation and even involved our expertise for the creation of a water reclamation plant installed on the site.
