

CASE STUDY

Synergy Healthcare - Dunstable

Client: **Synergy Healthcare**
Location: **Dunstable, Bedfordshire**
Commencement: **December 2001**
Length of contract: **16-20 weeks**
Project Type: **Laundry**

Overview

The brief for this project was to create a future proof plant for the provision of laundry services for a fast growing client. Working closely with Ducker (Now Kannegiesser UK) and the board level of the client we created an all new installation of Kannegiesser equipment along with its services into a given space with allowances built in for future expansion of both plant & services.
